Marketing Research

Competitor Analysis

We analyzed four competitors and created a comparison table covering pricing, locations, and digital presence. We evaluated their Facebook, Instagram, TikTok, and websites to identify their strengths and weaknesses. Based on these insights, we developed our marketing strategy.

Key Insights

Pricing: Our prices offer good value for money, making us competitive in the market.

Facebook:

- Strength: Strong optimization with all channels well integrated.
- Weakness: Limited content, with most posts focused only on selling.

Instagram:

- Strength: Well-optimized profile.
- Weaknesses: Highlights need better organization, and the content is mainly sales-oriented.

TikTok:

- Minimal presence across competitors.
- This creates an opportunity for us to build a strong TikTok strategy and gain a competitive advantage.

Website:

Strengths:

- Multiple payment methods.
- Saved delivery location for a faster checkout experience.

Weaknesses:

- No offline store locations displayed.
- No product reviews.
- No related products section.
- Mixed Arabic and English language, creating an inconsistent user experience.

Conclusion: These insights helped us identify opportunities for improvement and build a stronger digital marketing strategy for Glory Cookware.
